## PROFESSIONAL EXPERIENCE

### Bedrock AI

Atlanta, Georgia

*Management Consultant*

March 2024 – May 2025

- Secured venture capital funding by developing comprehensive investor materials and 5-year financial models featuring CAC, EBITDA, and revenue projections using advanced Excel valuation frameworks.
- Improved customer satisfaction by implementing standardized NPS scoring system resulting in increased response rates and enhanced customer insights.
- Accelerated executive decision speed by 40% by consolidating client engagement metrics across teams into weekly strategic reports, accelerating time-to-market for new initiatives.

### Kadal Records

Toronto, Canada

*Strategy & Product Analyst*

August 2022 – December 2023

- Reduced operational costs by \$60,000 annually by implementing Random Forest predictive models in R for budget forecasting and scenario planning.
- Eliminated 37% of budget forecast discrepancies by developing SQL-powered financial dashboards, preventing costly resource misallocation.
- Boosted client satisfaction scores by 12% during product launches by leading usability testing initiatives and implementing session analytics to optimize user onboarding experiences.

### Rite Software

Houston, Texas

*Business Analyst Intern*

June 2021 – August 2021

- Enhanced operational integrity by designing and deploying advanced real-time anomaly detection systems that increased valid irregularity identification, significantly strengthening compliance frameworks and safeguarding revenue streams.
- Accelerated project delivery by 25% by facilitating Oracle ERP Cloud requirements workshops and streamlining cross-functional collaboration processes.
- Streamlined executive decision-making by engineering comprehensive Tableau dashboards that transformed complex investment data into actionable visual insights.

### Texas A&M University – Education Abroad Office

College Station, Texas

*Technology Consultant*

August 2022 – June 2023

- Drove organizational transformation by introducing agile methodologies across technology teams and implementing sprint tracking systems, increasing project delivery success rate by 30% as measured by on-time completion metrics.
- Amplified platform adoption by developing and delivering comprehensive training workshops for 200+ faculty and staff on new Via platform implementation, increasing user engagement by 45%.

## EDUCATION

### Texas A&M University

College Station, Texas

*B.Sc. in Business Administration, Management of Information Systems*

May 2024

PERSONAL PROJECTS AND NONPROFIT WORK

KC BLOCK – Library Construction Project

Thanjavur, India

**Hiring Manager**

Ministry of Health

Physician and Provider Services Division

Ontario Public Service

**Program Manager Position (Job ID: 233464)**

Dear Hiring Manager,

I am writing to express my strong interest in the Program Manager position at the Ministry of Health. With my track record in leadership, program development, and stakeholder engagement, I am excited to contribute to Ontario's mission of delivering sustainable healthcare services.

Throughout my career, I have successfully led multidisciplinary teams in delivering high-impact initiatives within complex regulatory environments. My experience includes coaching staff, implementing agile planning strategies, and fostering inclusive team. I understand the importance of creating workspaces where diverse perspectives are valued while delivering results.

My expertise in consulting aligns directly with your requirements for developing and implementing evidence-based improvements to healthcare programs. I have extensive experience designing operational programs, establishing performance standards through an NPS scoring system, and using data analytics to plan for future expansion. My approach consistently focuses on efficient delivery options that maintain compliance with regulatory requirements.

I excel in building and maintaining strong partnerships with internal and external stakeholders, including healthcare providers, government agencies, and community organizations. My consultation skills have proven effective in building consensus around complex policy initiatives. My ability to consult with advice to senior leadership informs their decision-making.

I would welcome the opportunity to discuss how my experience will contribute to the program's continued success. Thank you for considering my application.

Sincerely,

Shreya Chanth
